What's new in Elden Ring:

THE ELDEN RING - The Restoration of the World

When the two worlds of Destiny and Lore were separated, a dark shadow fell upon Elden and the lands were engulfed by war. But slowly, as battles are won, a light shines in the darkness, while heroes reborn are sent on an epic journey across the Lands Between. To date, the revolution has been completed in Destiny and Lore: is it a path of light or a path of darkness? To clear the lands and restore the world, you will become the Elden Lord. • A New Evolving Development As development continues, two worlds will join together in Elden Root, the new land that has just been born. It is a land where Destiny and Lore mingle, where Elden lords are born and methods of obtaining strength are mixed. • Adventure of a Lifetime and the Unending Story As a multiplayer action RPG with a high story, where you can freely switch between areas within Destiny and Lore to experience real-time gameplay, you will enter a fantasy world of adventure that can only be

described as an ideal RPG.
