The last area of the store where you'll need to explore is the vacant storefront next to the store where the Flesh Lip is fighting. Since this is not your storeroom, you'll have to search around in the store. The key to finding this is to search the entire storeroom, and listen for the Flesh Lip's twin.

She's only a few areas away, so don't worry about wasting time going for a quick visit to the bathroom. With the Handgun or Shotgun equipped, open the locked door in the store and walk through to find Chantay, posing as the shoe-shop girl. She's just saying hi and asking how well you know her, but the dialogue is cut off before it begins, and if you want to be able to ask her questions, you'll need to get to the Boutique. Keep in mind that once you reach the Boutique, you'll see her a second time. If she changes, get up on the catwalk and turn around. If she hasn't yet left, she'll enter the storeroom, where you can shoot her as soon as you enter. If she does leave, she'll be at the Back Store, and will trigger a cutscene if you shoot her. There's a lot of things that can go wrong here, and only a couple of the more important things to remember are her location and her Combat level.
