You are here Documents This page contains documents of varying provenance and varying degrees of relevance to the issues raised by the VSD submissions. Some were compiled by the Union of Concerned Scientists (UCS) and some by The Alliance for Climate Protection. As such, we have included links to the respective files, which may be found in our file directory. This is a UCS-compiled compilation of (primarily) public comments received on a draft White House Climate Action Plan (November 2009), issued to the President for comment. The Plan is the result of a review by the Council of Economic Advisors (CEA), in consultation with the President's Domestic Policy Council (DPC) and the Council of Environmental Quality (CEQ). The Plan can be found here. An official response from the White House (Nov. 16, 2009) to the proposed regulations issued by the EPA for greenhouse gas emissions. The Plan details policy goals in the area of greenhouse gases and energy efficiency, and reflects the inputs of the DPC and CEQ. This report was prepared by Scott Denning of the Center for Health and the Global Environment at Harvard University. The report discusses the health impacts and public health preparedness of climate change, including issues related to agriculture, human health and climate change. This report, written by the National Research Council's (NRC) Committee on Environmental and Climate Change Impacts in Agriculture, was the result of the first workshop held by the committee in September 2007. The report contains information on climate change and food security in the context of the United States, and is intended to serve as a general background reference for decision makers.

**News & Reviews** The Windows explorer has three icons at the left of the File Explorer window - One is for the current location, the other is for recent documents and the other is for the Favorites. In the above image, I have provided the screenshots of Windows 10. While Windows 10 has received mixed reviews in most of the quarters, one thing that is certain is that there is a huge amount of data security enhancements in the latest version. And with Windows 10, the number of computers that are safe and secure and that run on Windows 10 is increasing. To see the impact of Windows 10 in the IT industry, and to find more such stories, we bring you, Windows 10 - Impressive Data Security Enhancements. In this post, we are bringing you a list of all the extensions of WordPress. We have listed here all the extensions that are capable of providing you a hassle-free experience. Let's know which extension you need to use and why. Almost everyone that uses a laptop needs a screen protector for it. It protects the laptop from scratches, dust, and other nasties that can damage a laptop screen. L
